POE FOR TEENS

Since 1988, Pipe Organ Encounters (POEs) have introduced more than 2,000 young people to the organ through instruction in organ playing, repertoire, history, design, and construction. These week-long summer institutes for students aged 13–18 provide private and group instruction, opportunities for ecumenical worship, and a chance for young musicians to meet others with similar interests. Basic keyboard proficiency is required, although previous organ study is not necessary. Local POE Committees may choose to grant special consideration on an individual basis for admission of a potential registrant whose age or training differs from the guidelines.

POE ADVANCED FOR TEENS

Pipe Organ Encounter Advanced is an auditioned, week-long summer organ program for students ages 13–18, who are currently studying organ at a level where a rigorous and comprehensive program is more appropriate. Lessons and classes are taught by an artist faculty. Those students seeking admission will submit an unedited CD or cassette of their playing to the POEA Director for evaluation. Contact the Director for application information. Deadline for application is March 1, 2010.

POE+ FOR ADULTS

Pipe Organ Encounter Plus (POE+) is a week-long summer organ program for adults, ages 19 and older. Two tracks of instruction are offered: beginning and experienced. Beginning students are proficient pianists who will learn the basics of organ playing including technique, pedaling and registration. More experienced players will continue to expand their repertoire while gaining expertise in hymn playing, sight reading and transposition—skills which may lead to qualifying as a candidate for the AGO Service Playing certificate. All students will gain greater confidence and competence in organ playing under the guidance of an outstanding faculty.
